You name the time, we'll be there. Our next scheduled meeting (outside the site visit) was Wednesday the 9th. Do we need to do it sooner?

Red Alert! We need to talk about the Duwamish, decisions and BUDGET soon (before October 14). Will you please look at your calendars and let me know which date(s) work best next week (times, too). I don't mean to be an alarmist, but a lot is going on and we need to make some fast decisions about moving forward on some of the action items that have been proposed. TX Kathryn
